## A. Land Bank

The state of Andhra Pradesh has an identified land bank of 3 lakh acres and is further in the process of consolidating an additional industrial land bank of approximately 7 lakh acres. The consolidated land bank of 10 lakh acres would give the state a strategic edge in attracting investments. To achieve the same, government shall identify and acquire land through a transparent and farmer friendly land pooling/acquisition policy.

## B. Categorization of Industries

Andhra Pradesh Pollution Control Board (APPCB) has categorized all existing as well as new industries into three categories namely Red, Orange and Green keeping in view their pollution potential. List of these categories is attached as Annexure –I, Annexure –II&Annexure –III.

However, if any additional category of industry is left out of the above scheme, then a Committee comprising of Senior Environmental Engineer (HQ-2), Senior Scientific Officer and Environmental Engineer (HO) will decide the said category of industry as per its pollution potential.

## C. Consent to Establish

It is obligatory on the part of the industry to obtain Consent for Establishment and Consent for Operation from the Board under Section 25 of the Water (Prevention & Control of Pollution) Act, 1974 as amended and under Section 21 of the Air (Prevention & Control of Pollution) Act, 1981 as amended.

## D. Siting Criteria

The following criteria are general guidelines for allotment of land for industries. Industries have to secure clearances from all the concerned departments before commencement of production. Any other national guideline also applies in addition to the below mentioned criteria.

S. No.	Siting Criteria	Parameter (in Meters)	Category of the Industries Permitted
